

## What Privileges may you receive?

With a Title in front of your name you will experience a difference in people's attitudes. The moment they know you are a "Sir, Lady, Lord, etc", you could well be treated like some sort of Royalty or famous Film star.

People will take you more seriously in business with a Title, and you'll find it a real door opener career wise. It can often get you the best tables at restaurants, with attentive service. Both small and large organisations appreciate the effectiveness of having a "Lord on the board"!

Check into a hotel and experience preferential treatment often with complimentary fruit and wine in the best room.

Just imagine it..... Lord Bob Smith..... Lady Sara Pearson... Count Nick Bevan It puts you to the front of the queue for Airline upgrades. Bank managers just can't help you enough. You can use it when and where you want. It says more about you than a Gold or Platinum credit card.

For personal confidence and self esteem a Title will change your life for the better.

## Is it Legal?

These Titles are totally legal and they last all your life. You can even change your driving licence, passport, credit cards and bank accounts to show your new effective Title, and you don't have to live in the UK or be a British citizen.

## What are the Limitations?

If you wanted your wife or children to have a Title like yourself, you would need their consent; unless in the case of children they are under 16 years old, you act as the parental guardian and sign on their behalf.

These Titles are not to be used to commit Fraud or Mislead with intent to commit any offence, or obtain money by deception. They are for show purposes only; just like you can put personalized number plates on your car legally for show purposes.

# about your title

# Your new title

Congratulations on acquiring an Effective Title. This is a simple guide on how to change your documents

## Who to contact

Most Companies and organisations will accept photocopies but Banks and Building Societies will generally ask to see the original. The following is a list of the Companies and Organisations that should be informed that you have changed your title.

### Personal contacts

Friends & family	Your employer
Doctor	Dentist
Other medical practices	
Clubs & societies	Associations
Professional bodies & institutes	Your pension company(ies)
